Space and Naval Warfare Systems Command Contract Award

SAN DIEGO – Harris Corp., RF Communications Division, Rochester, N.Y., is being awarded a \$46,800,000 contract modification to a previously awarded indefinite-delivery/indefinite-quantity, firm fixed-price contract (N00039-07-D-0001) for the procurement of the Harris handheld, manpack, fixed mount, vehicular and/or base station configuration of radio families, including the AN/PRC-117, AN/PRC-150 and AN/PRC-152, as well as related ancillary parts. This contract includes options which, if exercised, will bring the cumulative value of the contract to an estimated \$212,600,000. Work will be performed in Rochester, N.Y. and is expected to be completed by Sept. 30, 2012. Contract funds will not expire at the end of the current fiscal year. This contract was not competitively procured because Harris Corp., RF Communications Division, is the sole provider of the AN/PRC-117, AN/PRC-150 and AN/PRC-152 radio systems. The Space and Naval Warfare Systems Command, San Diego, Calif. is the contracting activity.
