Space and Naval Warfare Systems Command Awards Contract

SAN DIEGO – SRA International, Inc., Fairfax, Va., is being awarded a \$96,000,000 cost-plus-fixed-fee indefinite-delivery/indefinite-quantity contract (N00039-14-D-0001) for the support, sustainment, upgrades and modernization of personnel systems under the Navy's Integrated Personnel and Pay System (IPPS) strategy to provide incremental improvements in business capabilities. These incremental improvements will be based on completed business process reengineering, a set of specific capabilities and functional requirements, and an approved business case. The Navy's IPPS strategy will leverage the Navy's Standard Integrated Personnel System to the maximum extent practical, while seeking to reduce complexity and the cost of systems supporting personnel and pay.

Funds in the amount of \$2,500 will be placed on contract and obligated at the time of award.

Work will be performed in New Orleans, La., and is expected to be completed by June 2019.

Contract funds in the amount of \$2,500 will expire at the end of the current fiscal year.

This contract was competitively procured and solicited as a full and open competition with two timely offers received via the Commerce Business Daily's Federal Business Opportunities website, and the Space and Naval Warfare Systems Command E-Commerce Central website.

The Space and Naval Warfare Systems Command, Sea Warrior Program (PMW 240), Arlington, Va., is the contracting activity (N00039-14-D-0001).
